Subject: Letter of Recommendation for Kanak Sengar

Dhairya Decodes is an initiative started by Dhairya Gangwani amidst the pandemic in September 2020.

It is with immense pleasure that I recommend Kanak Sengar for completing her two months internship program from December 2020 till February 2021 at Dhairya Decodes.

As a Graphic Designing Intern she displayed creative concept idea skills, developed graphics designs for Dhairya Decodes Instagram Page and online promotions.

She has always shown a keen interest to keep trying new things and implementing them via her designs to fit our brand audience. She also possesses good communication skills and managed her time very well during the internship.

Kanak has always shown curiosity in learning new things in the internship. She possesses good content writing and social media marketing skills as well. Having been punctual in submitting all the assigned tasks on time. I would highly recommend her to any organization as she would be a valuable addition to the team.

For further pursuance, feel free to reach out to me at dhairyadecodes@gmail.com

Regards,

Dhairya Gangwani
